Dear Sir:

Attached, in duplicate, is PTO/SB/44 (four pages), with at least one copy being suitable for printing.

It is noted that the errors in this patent are of a clerical, typographical, and/or minor nature or character, as more fully described below. The errors occurred in good faith. Correction thereof does not involve such changes in the patent as would constitute new matter or would require re-examination. A certificate of correction is requested.

With regard to FIG. 1, the original specification clearly sets forth that the figure shows a set of ten cards representing 0-10. The actual figure, however, the card representing the number 5 shows only three dots. Similarly, the card representing the number 10 shows only five dots. The replacement figure complies with the original text showing a set of ten cards representing 0-10.

With regard to FIG. 7, one of the smile faces is missing its eyes. The replacement figure shows eyes on all the smile faces.

Patent No.: 7,052,279
Request for Certificate of Correction

With regard to FIG. 12, the original specification clearly sets forth that the figure shows "the equation $17-6=11$ " being represented by a 10 card and a 7 card of a ten-frame dot card system, a 6 tile of a ten-frame subtraction system of the present invention, and the 6 tile overlapping the 7 card to show eleven (11) non-crossed-out dots." In the actual figure, however, the card representing the 10 card shows only five dots. The replacement figure complies with the original text showing the 10 card with ten dots.

Please send the certificate to the attorney of record whose address is:
